## Technical Visit on Xiqu Centre – West Kowloon Cultural District

**29 September 2018**

Xiqu Centre is a world-class arts venue dedicated to promoting the rich heritage of xiqu. The centre utilizes cutting edge smart and sustainability strategies to reduce the reliance on air conditioning and hence reduce energy consumption. Computer simulations are used throughout the design process to test and improve the design and to ensure sustainability targets can be met. The sustainability strategies supports the Xiqu Centre to obtain the targeted BEAM Plus Gold Rating. By using this holistic approach to sustainability, the design of Xiqu Centre strives for not only lower energy consumption but also lower capital and running costs.

This visit will provide an opportunity for SOEHK members to understand and appreciate the smart and sustainability design of Xiqu Centre. (All the participants are reminded no short trousers, no skirt, no high heels and no slippers).
